

# Drivers. We need your help!

We are in need of drivers with their own cars who would be willing to transport local people to healthcare appointments.

### How It Works:

**Flexibility:** No regular commitment required. You will be contacted for specific journeys and you can decline if the time and/or date is not convenient.

**Mileage Allowance:** We offer 50p per mile to cover your costs.

**Requirements:** Full driving licence and comprehensive motor insurance. A DBS check will be required which is administered and paid for by the scheme.

Many local people, who for various reasons are unable to drive, rely heavily on our services. This scheme takes clients from Storrington, West Chilington, Ashington, Washington and Thakeham areas to healthcare appointments within West Sussex.

**Sadly, our pool of volunteer drivers is diminishing so we urgently need your help.**

This volunteer role is very rewarding and you will meet a wide variety of interesting people who greatly appreciate the scheme.
